SIFU KLAUS BRAND

# Spring EVENT SERIES

### **WHO IS SIFU KLAUS BRAND?**

Sifu Klaus Brand has integrated a lifetime of research and study of the martial arts into the unique IAW WingChun system. Not only has he analyzed the logic and approach of many styles, but has realized their specific weaknesses and deficiencies when applied to actual Self-Defense. The result is a practical series of consistent Programs organized within a clear Curriculum. His effective teaching methodologies allow for anyone, through diligent effort and patient interest, to reliably achieve the consummate skill he embodies.

### **WHAT ABOUT COSTS?**

Everything of value has a price. We encourage you to compare the quality of what we offer. Plus, Sifu Brand comes here to you. Just the airfare to Germany would surpass the total fee for the whole Fall Event Series. Instead, the IAW-US brings you the highest level of instruction available worldwide to you. Once instilled, Self-Defense skills are something no one can take away from you. Thus, it's worthwhile to invest in yourself.

### **WHAT IS YOUR GOAL?**

Having such hands-on access to Sifu Brand as a guide for your WingChun progress is the highest motivation you can receive. When you can directly experience – see, hear, feel – the art you practice from its most representative artist and practitioner, it will change your entire perspective. Thus, your personal appreciation for and overall understanding of the how and why of WingChun will surely broaden and deepen.

### **WHAT IS YOUR PLAN?**

Maximize these rare visits by participating the most you can. Listen as carefully as you are able to. Ask as many questions as you can think of. Absorb as much knowledge as possible. Any of your questions will be answered.
